EXECUTIVE EDUCATION

I conducted over 30 Executive Education programs with companies such as Allergan, Actuant, Credit Unions Executive Society, Epic, Government of Latvia (via Booz, Allen & Hamilton), Lands' End, Johnson Controls, WE Energies, and Women's Executives Leadership Summit. Several programs occurred in Australia, China, Germany, Korea, and South African Republic.

Three Recent Examples

- Actuant corporation
 - *Transformational Leadership*, custom program, 1.5 days
 - Evaluation: 7.0 / 7.0
 - Evaluation: 100% of participants ($n = 15$) stated expectations as “exceeded”

- Strategic Leadership Institute

GRANTS (\$64,675)

I have received 23 grants over the years. The projects included funding dissertation research in China, supporting honors students for the summer, as well as doctoral students with RA funds, international travel support and related research projects. Funding sources were at the University, professional (SHRM), private (Filene), and national levels (Center for International Business, Education, and Research, U.S. Department of Education). A list of all funded projects is available upon request.

A few recent examples:

 - Requested as a comprehensive career evaluation process defined as follows:

“The NRF evaluation and rating process is a benchmarking tool that researchers can use to assess their own standing relative to peers around the world. The NRF uses the evaluation and rating system as a mechanism to nurture scholarship and grow the country’s research capacity. The evaluation and rating system reinforces the importance of internationally competitive research and stimulates healthy competition between researchers and research institutions. It demands that researchers are accountable and efficient. The system recognizes researchers who produce quality research outputs and remain internationally competitive.”
